

Samuel Mshiu
Founder & Executive Director

Samuel Mshiu is a passionate artist, environmental advocate, and community development leader whose creativity and dedication continue to inspire positive change across communities.

Holding a Degree in Business Information Systems, Samuel has built his career at the intersection of innovation, project management, and social impact. His experience leading and supporting community-based projects has strengthened his commitment to developing practical solutions that address environmental and social challenges.

As a talented artist and lifelong advocate for community empowerment, Samuel believes that creativity has the power to educate, unite, and inspire action. His passion for environmental conservation and youth engagement has driven numerous volunteer and community initiatives aimed at creating cleaner, healthier, and more sustainable communities.

In 2024, Samuel co-founded Tunza Foundation with a vision of creating community-driven solutions to environmental challenges while empowering young people to become agents of positive change. Through innovation, education, project leadership, and volunteer engagement, he continues to guide the Foundation's strategic direction and environmental programs.

"Every community has the power to protect its environment when given knowledge, opportunity, and purpose."

Through his leadership, Samuel remains committed to building a future where communities, nature, and innovation work together to create lasting impact for generations to come.

Amratpal Gupta
Founder & Team Chairman

Amrat Admin brings more than 10 years of professional experience in the health sector in Moshi, combining strong administrative expertise with a deep commitment to community development and environmental sustainability.

Throughout his career, Amratpal has witnessed firsthand how environmental conditions directly influence public health and quality of life. This understanding inspired his passion for supporting environmental initiatives that create healthier and more resilient communities.

In 2024, together with Samuel Mshiu, he co-founded Tunza Foundation to advance local solutions that protect natural resources, promote environmental awareness, and improve community well-being. His leadership helps ensure that the organization operates efficiently while remaining focused on its mission and impact.

"Protecting our environment is not only about nature—it is about safeguarding the health and future of our communities."

Goodluck Samwel Mmbando
Programs Director

Goodluck Samwel Mmbando is a public health professional and environmental advocate with over 12 years of experience working with non-governmental organizations, donor-funded programs, and community development initiatives across Tanzania.

With an academic background in Cultural Anthropology and extensive experience in public health programming, Goodluck has dedicated his career to understanding the connection between people, culture, health, and sustainable development. His work has focused on strengthening communities, promoting health equity, and building partnerships that create lasting impact.

Driven by a growing concern for environmental challenges affecting public health and livelihoods, he founded Tunza Foundation to bridge the gap between environmental conservation and community well-being. His vision is to empower communities to become active stewards of their environment while improving health outcomes for present and future generations.

"Healthy communities depend on a healthy environment. Sustainable change begins when people and nature thrive together."

Msagia Rosh Chombo
Program Coordinator

Msagia Rosh Chombo is a highly versatile technical professional and environmental advocate known for his ability to adapt, innovate, and deliver results across a wide range of projects and responsibilities.

With extensive hands-on experience in technical and field-based work, Msagia has developed a diverse skill set spanning construction, maintenance, technical operations, problem-solving, and community support services. His practical expertise, combined with a strong passion for environmental conservation, enables him to contribute effectively to both organizational operations and community development initiatives.

As Program Coordinator at Tunza Foundation, Msagia oversees the implementation of programs, supervises Program Officers, coordinates field activities, and ensures that project deliverables are completed on time and to a high standard. His ability to manage multiple responsibilities simultaneously makes him a valuable asset in driving program efficiency and impact.

Recognized for his strong work ethic, adaptability, and solution-oriented mindset, Msagia plays a critical role in ensuring that Tunza Foundation's environmental and community programs are translated from vision into action.

"Real change happens when skills, dedication, and service come together to make a difference in people's lives and the environment."
